## **APM Terminals Inland Services, South Asia wins Supply Chain and Logistics Excellence Award from the Confederation of Indian Industry (CII)**

- **APM Terminals Inland Services, South Asia is a leading inland container logistics service provider in South Asia**

**Mumbai, May \_\_, 2014:** The Confederation of Indian Industry (CII), a premier industry body in India recognized APM Terminals Inland Services with its prestigious 2013 Supply Chain and Logistics Excellence Award (SCALE Award) at a glittering ceremony in Mumbai on 22<sup>nd</sup> May 2014.

APM Terminals Inland Services was selected to be the winner in the container logistics category based on a stringent evaluation of our business case and subsequent presentation to the jury in terms of growth parameters in volume and profitability, operational efficiency to increase customer satisfaction and expansion in the Indian subcontinent over the last 3 years. A total of 106 blue chip organizations participated across industries and 36 were selected for the final round. APM Terminals Inland Services won the award followed by Container Corporation of India in second place.

The jury comprised of an elite panel selected by CII from various sections of logistics industry, government bodies, educationists and consultants.

“We are happy to be recognized by the Confederation of Indian Industries in the area of excellence in supply chain and logistics. This award is an expression of the faith that our customers have bestowed on us. We will continue to work towards sustaining service excellence and superior safety levels. I want to thank all customers for their continued support” said, Mr. Subhasis Ghosh, Managing Director, APM Terminals India Pvt. Ltd. & Director, Inland Services, South Asia.
